

Creating a Facebook page for your business

A Facebook Page is different than your Facebook Personal Account. It contains accurate information about a real business. To help a business attract and grow a loyal following of "fans" on Facebook. Facebook used to call them Fan Pages but now they're just called Pages. You can manage your Page from within your existing Facebook Personal Account (which you already have!).

This content is only available to members. Check out our current [courses and workshops](#) ? you are only minutes away from accessing essential online marketing tutorials, forums and coaching that will catapult your business forward.
